ISO Freejack Head

SPEC # TLG77498

BRAND Visual Comfort Modern

DESCRIPTION

ISO Freejack Track Fixture is a directional LED head with full 360 degree head rotation and 90 degree pivot. Compatible for use with 1-circuit Monorail track systems or Freejack canopy. Includes 12 volt, 16 watt field replaceable LED module. Features 20, 30 or 50 degree beam spread options and four stem lengths. As a general rule when using the ISO head, it is not recommended using greater than 33 percent of the maximum wattage for the low voltage transformer due to the inrush current requirements. Freejack canopy required if used as a monopoint, sold separately. Dimmer type dependent on system transformer (low voltage magnetic or electronic). Note: Color temperature 2700K is not available with CRI 90.

Shown in: Satin Nickel
