Juno Lighting

DESCRIPTION

The Outdoor Wet Location Mini LED 24 Degree Narrow Flood recessed downlight housing and trim is for use in wet locations and is IC rated for insulated or non-insulated applications. Ideal for wet location applications including bathrooms and eave lighting. Finish available in White, Black, Satin Nickel or Bronze. Lumileds LUXEON Rebel LEDs provide comparable light output to 20 watt MR11 halogen lamp while consuming 5 watts. LED source concealed with lensed optic is deeply regressed into an internal reflector to produce a low glare system. Available in 2700K, 3000K, 3500K or 4100K color temperature, 85 CRI. Fixtures are offered with a choice of Spot, Narrow Flood or Flood beam patterns. Life rated for 50,000 hours at 70 percent lumen maintenance. Remote mount Class 2 120 volt to 12 volt AC electronic or magnetic transformer required-sold separately. Dimmable per transformer specification. UL listed for wet locations.
