

BRAND Juno Lighting

DESCRIPTION

UH Line voltage halogen undercabinet series offers economical halogen lighting by utilizing 120 volt halogen lamps that do not require a transformer. Fixtures may be dimmed to create night and mood lighting via fixture mounted hi-lo-off switch or wall mounted dimmers. The compact design is ideal for undercabinet, undershelf, and task lighting where bright, halogen light and dimming capability is desired. Features an extruded aluminum housing, specular aluminum inner reflector, and a frosted tempered glass lens. Available in 6 inch length. Finish available in White. One 25W, 120V T4 G8 halogen lamp is included. UL listed. Made in the USA.
