

319-0007 700mA 3W LED Driver

SPEC #

RAI40149

BRAND

Raise Lighting

DESCRIPTION

Constant current 3W, 240VAC, 700mA universal input LED driver can be used to power multiple 300mA 1W LEDs. Features inherent short circuit protection, designed for indoor or outdoor applications, UL1310 Class 2 compliant, extremely long life operation overload protection, output over voltage protection, isolated output for additional safety and is small and compact to fit in a junction box. Meets NEC 411 code and UL2108 for low voltage lighting requirements. Output power of 3W, output voltage 0.5V - 6V.

SHADE COLOR	N/A
BODY FINISH	White
WATTAGE	3W
DIMMER	N/A
DIMENSIONS	N/A
BULB NOT INCLUDED	
LAMP	LED
