Lyra Halogen Linear Suspension - Overstock

By Raise Lighting

Description

Lyra Halogen Linear Suspension is constructed of extruded aluminum alloy in Satin Aluminum finish in a 48 inch length. Combining T5 fluorescent for general lighting and MR16 halogen lamps for accent lighting, Lyra is ideal for commercial, kitchen or contemporary dining applications. White diffusers soften fluorescent lights and diffusing lenses with eggcrate louvers prevent glare from MR16 lamps. Includes two 39 watt, 120 volt 3500K T5HO linear mini bi-pin fluorescent lamps with non-dimmable electronic ballast, and requires three 50 watt, 12 volt GU5.3 MR16 halogen lamps, sold separately. MR16 lamp holders are adjustable on the vertical and horizontal axis. Includes 58 inch length of field adjustable mounting cable and the clear electrical cable is capable of separate switching between fluorescent and halogen light sources. ETL listed.
