DESCRIPTION

Aurora 3.3 Inch Round Edge RGB Color Changing (Red-Blue-Green) Trimless Downlight with Housing is a specification grade, recessed adjustable accent fixture for plaster or drywall construction. The flush mounted rigid plaster plate, which is finished into the ceiling, maintains a flat finish. Uplighting the RGB LEDs within the Aurora dome creates color at the ceiling plane while a Halogen white light projects downward, resulting in an optical illusion. LEDs may be controlled to be static color, cross-faded, or set to the beat of music. Fixture offers hot aiming with 0 to 45 degree vertical adjustment and 362 degree horizontal rotation without beam clipping. Precision machined gear adjustment is concealed behind the lamp. Features self locking tilt and manual locking horizontal rotation. Includes machined aluminum snoot and die formed aluminum back shield to control internal spill light. The snoot carries the lamp and two optional light control accessories, sold separately. Includes a soft focus lens. Housing is made of die formed aluminum and includes one 12 volt 75 watt toroidal magnetic or electronic low voltage transformer. LED driver/power data supply (PDS) and RGB LED modules are integral and serviceable through the aperture. RGB LEDs may be programmed as desired using a power supply with a DMX signal, sold separately. Compatible with Pure Lighting CDP and CTP controllers, sold separately. Housing is IC and Air-Tight, suitable for remodel or new construction. Dome features a highly reflective white painted finish which blends the colors of RGB LEDs. Dome hides electrical hardware and tilts for easy access to junction box and transformer. Four removable RGB high output LED modules totaling 24 watts and one 35 watt, 12 volt Sylvia Tru-Aim Brilliant halogen bulb with 35 degree beam are included. Optional Aurora Gear Cover, controller, and light control accessories sold separately.

TRIM COLOR	N/A
BODY FINISH	Aluminum/ White Dome
WATTAGE	63W
DIMMER	Low Voltage Magnetic
DIMENSIONS	18.5"L x 12.1"W x 5.75"H
INTEGRATED LED MODULE	
LAMP	4 x LED/7W/12V LED 1 x MR16/GU5.3 (bipin)/35W/12V Halogen

Technical Information

FUNCTION	Adjustable Accent
CEILING TYPE	Drywall Trimless/Flush
HOUSING TYPE	New construction IC Airtight
HOUSING HEIGHT	6"
APERTURE SHAPE	Round
