

BRAND Lutron

DESCRIPTION

Maestro dimmer with vacancy sensor saves energy by automatically turning off the lights when the room is not occupied. Lights turn off automatically but must be turned on manually. Ideal for bedrooms, bathrooms, kids rooms, laundry rooms and basements. Uses Lutron exclusive XCT Technology for sensing fine motions to ensure the lights remain on when the room is occupied. Dimmer controls up to 600W incandescent/ halogen lighting. It an dim from up to 10 locations with companion dimmers. Do not use with compact fluorescent lamps. For multi location dimming use Lutron Maestro Accessory Dimmer, cannot be used with machanical switches. Available in white, almond, light almond and ivory. Wall plate sold separately.
