

BRAND Matthews Fan Company

DESCRIPTION

Brisa 2000 ceiling fan rotates like satellites orbiting a planet. The Brisa's select mahogany blades and lunar counterweight gently orbit about its spherical gear housing. The motor head can be infinitely positioned in a 180 degree arc for optimum air movement; the greater the angle of the motor to the horizontal support rods (up or down), the faster the axial rotation. Carries a limited lifetime warranty. 5, 10, 20, 30, 48, or 72 inch downrods available. Finish available in polished chrome, brushed nickel, polished copper, bronze or black. Also available in in white, brushed copper, polished brass, brushed brass, black nickel, or bronzette as special order. Blades available in a metal finish (with or without a safty cage) and solid wood. Is compatible with the vaulted ceiling canopy. Airflow is 3,087 and uses 109 watts. Airflow efficiency is 28 cubic feet per minute per watt. Best regulated by a variable speed wall control, sold separately. UL listed.

SHADE COLOR	Mahogany
BODY FINISH	Satin Nickel
WATTAGE	N/A
DIMMER	Included
DIMENSIONS	40"W x 7"H
LAMP	N/A
SPEC #	MWG6442
