

Designed by Gregory Kay & Aaron O' Brien - Patent Pending

Compatible System Connectors

**FJ-NAU-3-SN**  
Satin Nickel

**FJ-NAU-3-PN**  
Polished Nickel

**FJ-NAU-3-BZ**  
Antique Bronze

**FJ-NAU-3-WH**  
White

### Description:

Providing uniform direct lighting for vertical surfaces, the Nautilus LED wall wash is ideal for retail displays, galleries/museums or offices, the fixture provides efficient illumination without UV, IR or the use of mercury. The cool-to-touch fixture allows manual locking of 360° rotation and 180° tilt to evenly wash a wall up to 4' (1.2m) wide from a 2' (0.6m) distance. Fixture includes a 5 year warranty.

### System Compatibility:

Mounts to any 12VAC Monorail or Monorail 2 Circuit. Use Fast Jack connector for ordering **LED** canopy mount and **LED** track transformer

### Finish:

Satin Nickel, Polished Nickel, Bronze or White

### Lamp Specification:

34.8 watts 12VAC, **LED** 2949K, 84CRI, 782 lumens, 70% lumen maintenance based on 50,000 hours of operation

### Dimming Information:

Dimmable with Lutron Skylark or Diva and Lightolier Sunrise low voltage dimmers. For up-to-date dimming information, see dimming chart on [www.edgelighting.com](http://www.edgelighting.com)

### Weight:

2.4 lb (1 kg)

2009 Next Generation Luminaires  
Recognized Winner

CU values are based on the total absolute lumen output of this luminaire. All candela, lumens, luminance, and VCP values are based on absolute photometry. The zonal cavity calculation technique is accurate when luminaires with symmetric candela distributions are employed and when the luminaires are located symmetrically throughout the room. This unit has special characteristics and therefore these coefficients should be used with caution.

Verify our Light Output Comparison Chart by downloading the Energy Star Program Requirements for Integral LED Lamps. Go to [www.edgelighting.com/products/lighting\\_tools.php](http://www.edgelighting.com/products/lighting_tools.php).
